CERTIFICATION OF COMPLIANCE

TO: Thermark Holdings

FROM: Michael Pellegrini
Ferro Corporation
724-223-5832

DATE: September 18, 2006

**SUBJECT: EU Restriction of Hazardous Substances (RoHS) legislation
CUSTOMER CERTIFICATION REQUEST RESPONSE**

This certification applies to :

LMM-14 Laser Marking Material

We certify that no lead, mercury, cadmium, and hexavalent chromium were added intentionally to the products identified above.

Analytical work is not completed for every production batch, but random sampling done to date shows the total concentration of lead, mercury, cadmium, and hexavalent chromium is as follows:

Lead = <50 Parts per million
Cadmium = <30 Parts per million
Mercury = <10 Parts per million
Hexavalent Chromium = <60 Parts per million
PBB = <50 PPM [less than detection]
PDB = <50 PPM [less than detection]

Michael Pellegrini
Environmental, Health and Safety Engineer
